

# RoHS Declaration of Conformity

Status: August 2024

***Directive 2011/65/EC: Use of Hazardous Substances in Electrical and Electronic Equipment, RoHS***

***Directive 2002/96/EC: Waste Electrical and Electronic Equipment, WEEE***

***Directive 2015/863: Four Phthalates***

***Directive: (EU) 2024/232***

Dear Sir or Madam,

Based on information from our suppliers, we confirm that, to the best of our current knowledge, the products we supply do not contain any of the substances listed in the EU RoHS Directives (2011/65/EU) and 2015/863.

Please note that we can only provide this confirmation for processes within our sphere of influence. Substances that may arise during the further handling of the products could result in the products no longer meeting the requirements of the EU Directives.

Substances that are listed in the RoHS Directive (2011/65/EU) and the RoHS Directive (2015/863) are listed in the RoHS Directive. Substances that are ubiquitous, for example, due to cross-contamination in minute quantities and can be detected using today's refined analytical methods, are not covered by this statement.

However, the presence of ubiquitous traces of undesirable substances can never be completely ruled out.

Directives 2002/96/EC and 2024/232 apply to waste electrical and electronic equipment (WEEE) and are therefore not applicable to our semi-finished plastic products.
